

Internships provide an opportunity to apply knowledge and skills obtained in workshops and trainings to a professional work environment.

Become a Green Cadre Internship

What is a work2future Green Cadre internship?

A Green Cadre internship is a temporary work-related learning experience for program participants who wish to develop hands-on work experience in certain occupational fields.

The length of an internships are one month, Mondays-Thursdays, 6 hours per day, and at **NO COST** to you. Participants receive a monthly stipend from work2future!

How do I Get More Information?

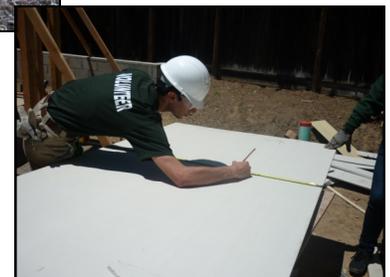

For more information on how you can become an internship site, contact David Lovato, Program Coordinator. Call **408-794-1137**, or email david.lovato@sanjoseca.gov

Benefits to the Green Cadre Intern include:

- An opportunity to “test-drive” a career choice
- Developing specific skills and knowledge
- Developing professional contacts
- Experience to assist them in obtaining employment after completion of the program
- Opportunity to learn directly from experienced professionals.

Benefits to the Internships site include:

- Temporary Intern at no cost
- Assistance with special projects
- A fresh perspective in ongoing projects
- Opportunities for your staff to develop supervisory skills
- Access to special skills and knowledge
- A method to screen potential employees
- An opportunity to educate new professionals in your field.
